REMOVALS Decapitation is the order of the day among the office holders with Douglas afinities. Every mail brings its story of fresh heads rolling into the basket. Among the latest is the removal of Col. North, special agent of the Post Office Department for the past seven years. It is asserted that his removal took place on the 29th of June, but was not announced to him till he had completed his last piece of official business.

ND TESTIMO'ALS, new, and almost without A number, might be given from ladles and gen-tlemen in all grades of society, whose united tesmony none could resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to old age, in all its youthful beauty.

Battle Creek, Mich., Dec. 21st. 1858. Prof. Wood: Thee willt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, attended with an eruption on the head. A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffe ed extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directhick and black, though short. It is also coming Plano Forte, and for brilliancy and richness of tone in all over my head. Feeling confident that an other large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I w ald ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the Scripture deciaration-"the reward is to those that are kind to the widow and the fatherless."

Thy friend, SUSANNAH KIRBY.

Ligioner Noble Co., Indiana, Feb. 5, 1859. Prof. O. J. Wood · Dear Sir :—In the latter part of the year 1852, while attending the State and national law school of the state of N.Y.my hair from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was almost en-tirely bareft of its covering, and much of the re-maining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognize mo

I at once made application to the most skilful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recomm me by a druggist, as being the most reliable Hair Restorative in usa. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars' worth of your Restorative, and as a re-sult, have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to
